

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (currently amended) A partial print provider that permits a ~~proprietary~~ first print spooler to interface with a ~~commercial~~ second print spooler for further processing of a print job submitted to a network print server.
2. (currently amended) A partial print provider according to claim 1 wherein the network print server is operating Windows NT software and the ~~commercial~~ second print spooler is a Windows NT print spooler.
AL
3. (currently amended) A partial print provider according to claim 2 wherein the interface between the NT print spooler and the ~~proprietary~~ first spooler permits the ~~proprietary~~ first spooler to leverage off on Microsoft's print services, protocols and network technologies.
4. (original) A partial print provider according to claim 1 wherein the partial print provider is a dynamically linked library file.
5. (currently amended) A partial print provider according to claim 1 wherein all print jobs received by the ~~commercial~~ second spooler are forwarded to the ~~proprietary~~ first spooler for further processing.
6. (currently amended) A partial print provider according to claim 1 wherein the partial print provider can be modified to establish an interface between the ~~commercial~~ first print spooler and any ~~proprietary~~ second spooler.
